ABOUT THE COVER — Iowa is the only state bordered by two major rivers and both of them play an important part in the state's economy.

Except for those winter weeks when the rivers ice up, Iowa grain firms market millions of bushels of corn and soybeans on river barges like the one on the cover. One group of grain dealers alone is now marketing more than 30 million bushels annually.

River shipping is increasing each year because it's cheaper, safer, more efficient and faster. With "normal" river levels, it takes only 25 days to move a barge shipment of 825,000 bushels of Iowa corn and soybeans from Muscatine to the gulf of Mexico and back to Muscatine for its next shipment.

The cover photo was taken from a bluff overlooking the Mississippi in Crapo Park, Burlington, by professional photographer A. M. Wettach of Mt. Pleasant Iowa.

how to save money

Telephone people want to provide you with telephone service that fills your needs. So we've put together the following tips to help you choose good telephone service at the lowest possible cost.

HOW TO SAVE ON LONG DISTANCE

call station-to-station. This type of long distance call is lower priced than person-to-person. When you're reasonably sure the person you want to talk to will be there or you'll talk to anyone who answers, call station-to-station.

dial it yourself. You'll save money by dialing long distance calls yourself. They cost less than operator-assisted calls, and are faster, too. Direct dialing rates also apply on station calls placed with an operator where direct dialing facilities are not available.

call when rates are lower. Call long distance on week nights and on weekends for lower rates. Higher rates are during business hours on weekdays. (See page 7 for detailed charts.)

call on holidays. Rates are cheaper on some holidays. You can take advantage of the lower holiday rate by calling on New Year's Day, July 4th, Labor Day, Thanksgiving and Christmas Day. For more detailed information about the holiday rate, see page 7.

schedule your calls. If you schedule your long distance calls in advance, your friends or relatives will be expecting your call. Then you can call station-to-station instead of person-to-person. Dialing station-to-station can cost less than half as much as calling person-to-person.

plan your conversation. Decide what you want to say and jot it down before you call. That way, you'll be able to cover everything in less time. You can avoid repeating things by having family members listen in on extension phones.

don't pay for wrong numbers. If you dial a wrong number, call the operator right away to make sure you're not charged for the call.

report bad connections. If you have a bad connection, hang up and call the operator. The operator will see that you get a better connection and adjust the charge so that you won't be billed for the time your call was interrupted.

check your directory. Before making a long distance call to a business in another town, check your phone book to see if the business has a toll-free number. If they do, you'll save yourself the price of a long distance call.

OTHER MONEY-SAVING TIPS

vacation aid: If you're going to be away from home for a month or more, you can save money by temporarily suspending your Northwestern Bell telephone service. The rate for suspended service is lower than most regular rates, and you can have your calls transferred to another number.

one trip: When you move, in most cases, you can save money on connection charges if you have all your service options (items such as extensions, etc.) installed at the same time. Then the installer won't have to make a second trip to your home, and you won't have to pay a second charge.

pay phone refund: If one of our pay phones keeps your dime and doesn't give you a call, please jot down the number of the offending phone and report it to the operator. We'll mail you a refund and have the phone fixed as soon as possible.

bill problems? It's always a good idea to check your phone bill before you pay it. If you have a question about your bill, call the business office. A service representative will help you solve the problem.

planning to move? Northwestern Bell may give you a $5 credit if you move to a new address in any of the five states served by Northwestern Bell and take your present phones with you. **Before** you take them to the installer at your new location, check with your Northwestern Bell business office to see if you are eligible for the installation credit.

package plans: If Touch-Tone service is available in your community, consider one of the Touch-Tone bargain packages. For example, for $5.95 a month plus basic service and connection charges, you can get three color Touch-Tone telephones (you can choose any combination of standard wall or desk phones, Trimline wall or desk phones or Princess phones). Call the business office to talk with your service representative.

basic service. If you're on a limited budget, you should consider having only one rotary dial telephone in your home. Telephone service without extension phones saves money but sacrifices convenience. However, with one basic phone you do have a variety of colors and wall or desk models to choose from, at no extra charge.

types of long distance calls

Station (You can dial direct)

Call "station" if you will speak with anyone who answers. Lowest rates apply on station calls. Charging starts when the called telephone is answered. If you cannot dial direct, dial "Operator". The same "dial-it-yourself" rates will apply.

Person (Dial "OPERATOR")

Call "person" if you want to talk to a particular person or extension. Rates are higher than for a station call and also apply when you talk to an alternate person or extension. Charges start when conversation begins.

Collect (Dial "OPERATOR")

You may call "collect" if the person or firm you are calling will agree to pay the charges. If you want to call collect, be sure to tell the operator when placing the call.

Overseas (Dial "OPERATOR")

You can call practically any telephone in the world from your phone. Tell the operator you want to place an overseas call and give the name of the country you are calling.

Wide Area Telecommunications Service (Inward WATS)

Station-to-station long distance calls may be made, without charge to you, to those customers who have inward wide area telecommunications service. They offer this service to their customers calling from specific locations. Dial "1" as you do for any long distance call, next area code 800, then the special number of customers who have this service.

Other Special Calls (Dial "OPERATOR")

Credit card, conference, Zenith, mobile, or other calls requiring special handling should be placed with the operator.

general information

Annoying, Harassing and Threatening Calls

Annoying, harassing and threatening phone calls are punishable under state of Iowa or Federal law. If you receive such calls, hang up immediately. If they persist get in touch with your Telephone Business Office. Threatening calls should be reported immediately to the police.

Your Telephone Number Is Important

Make it easy for people to reach you. Include your area code and telephone number on business stationery, statements and advertising. It helps others call you faster.

Rates and Regulations

Regulations and rules governing the furnishing of services by your Telephone Company are on file in your Business Office. A representative will be glad to assist you in obtaining information from them.

Attachments to Telephone Facilities

Equipment, apparatus, devices or systems not furnished by the Telephone Company may be used with its facilities provided such equipment and its use complies with the Company's tariffs on file with the Iowa State Commerce Commission.

The tariffs are designed in the interests of good telephone service and to prevent hazards to customers and Company employees. A customer's service is subject to suspension when customer-provided equipment or jacks, plugs, extension cords, etc., are used in violation of these tariffs.

Liability of Telephone Company

Service Interruptions

Northwestern Bell's liability for damages due to mistakes, omissions, interruptions, delays, errors or transmission defects in furnishing service or facilities is limited to an adjustment of charges for the period of time customer service is adversely effected.

The Company will make every reasonable effort to prevent interruptions of service. However, if a partial or complete service interruption does occur which is not due to negligence or a willful act by the customer, a prorate adjustment will be made. The adjustment will cover any fixed monthly or annual charges for service, equipment and facilities affected by interruptions as follows:

1. Interruptions extending beyond twenty-four (24) hours*—
   The Company will voluntarily adjust charges for services and equipment on a prorate basis from the time the interruption is reported or detected until service is restored. If in the Company's judgment, circumstances prevent a customer from notifying the Company of a service interruption, the requirement for notification to or detection by the Company may be waived. If known by the Company, the period adjusted will begin when the interruption occurred. In all other cases, the period adjusted will begin when the customer first becomes aware of the interruption.
2. Interruptions for a period less than twenty-four (24) hours*—
   When reported to the Company, adjustments for outages will be made if, in the Company's judgment, circumstances so warrant.

This tariff is on file with the Iowa State Commerce Commission and is also available for review at the Northwestern Bell Business Office.

*Independent telephone company tariffs may specify a different interruption time before a prorated adjustment will be made. This tariff information is available through your independent telephone company business office.

Directory Errors and Omissions

Northwestern Bell's liability due to errors in or omissions of directory listings shall be limited to and satisfied by an adjustment of not more than one-half of the fixed charges for service affected. The adjustment will be made for the period from the date of issuance of the directory containing the mistake to the date of issuance of a new directory containing the correct listing.

This tariff is on file with the Iowa State Commerce Commission and is also available for review at the Northwestern Bell Business Office.

WARNING: Unlawful Uses of the Telephone

Fraud

Iowa law prohibits the fraudulent use of a credit card or telephone billing number, or obtaining or attempting to obtain telephone service with intent to avoid charges. The maximum penalty for violation is a fine of $1,000 or 5 years imprisonment or both.

Annoyance Calls

Intentional annoyance of any person by use of the telephone is prohibited by law. The maximum penalty for violation is a fine of $500 or imprisonment for one year or both.

Party Line Misuse

The Iowa law relating to intentional obstruction of emergency telephone calls reads as follows:

Section 1. For the purpose of this Act, the following terms have the meanings ascribed to them.

1. "Party line" means a subscriber's line telephone circuit consisting of two or more main telephone stations connected therewith, each station with a distinctive ring or telephone number. 2. "Emergency" means a situation in which property or human life are in jeopardy and the prompt summoning of aid is essential.

Section 2. Any person who shall intentionally refuse to relinquish immediately a telephone party line or public pay telephone when informed that such line or telephone is needed for an emergency actually existing in Section One of this act, for use in calling a fire department or police department, or for medical aid or ambulance service, shall be fined not exceeding one hundred dollars or imprisoned in the county jail not exceeding thirty days.

Section 3. Any person who shall secure the use of a telephone party or public pay telephone by falsely stating that such line or phone is needed for an emergency call shall be fined not exceeding one hundred dollars or be imprisoned in the county jail not exceeding thirty days.

TO CALL A PARTY ON YOUR LINE

Two-party customers dial the listed number then follow procedure below. **Eight-party** customers dial the listed number—a high whistling tone will indicate the telephone called is on your line. Then dial the party code number shown on the number plate on your telephone and follow procedure below.

PROCEDURE—After dialing the number, hang up. Your bell and the bell of the called telephone will ring until the called telephone answers. When your telephone stops ringing, lift your receiver and begin your conversation. If no answer, lift your receiver for a moment and then replace it. This will stop the ringing and will clear the line for other calls.

GENERAL TELEPHONE COMPANY OF THE MIDWEST

TO CALL A PARTY ON YOUR LINE

If on repeated attempts to call a number the line is always busy it may be that the called number is on your line. Or if it is known that the party you wish to call is on your line, and you wish to call that party, proceed as follows:

1. Lift your receiver and listen for dial tone.
2. Dial 99 and directory listed number.
3. After dialing you will hear the busy tone. Then replace your handset. Allow a reasonable length of time for the other party to answer, then pick up your handset and talk.
4. When the party you are calling answers, he will hear a "ticking" sound which indicates that he should wait for calling party to speak.
5. If the called party does not answer, replace your handset.

AMES CIVIC INFORMATION

HISTORY—The village of Ames came into existence in 1864. That same year the Cedar Rapids and Missouri Railroad was extended to the new Story County settlement. This village was named after Oakes Ames, Massachusetts Congressman and railroad promoter, who had financial interest in the C.R. and Mo. R.R.

The presence of state and federal institutions has been a major factor in the growth of Ames. March 18, 1869 marked the formal opening of the "State Agricultural College and Model Farm". Now Iowa State University of Science and Technology (the name adopted by the 1959 Iowa General Assembly), has an enrollment of 19,600 students.

GOVERNMENT—Ames operates under a Mayor-Council form of government with a City Manager. With this type of city government the City Council sets the policy and the City Manager administrates it. The Mayor is elected for a 2-year term. The Mayor presides at Council meetings and is official city host. He appoints the Chief of Police and citizen members of various municipal boards and commissions.

PLANNING—The seven City Planning Commission members are appointed by the Mayor for five-year terms and serve without salary. They employ, with the approval of the City Council, a professional staff. The Commission directs planning for the orderly growth and development of the city by recommending zoning for new areas of the city, attempting to keep non-conforming use to a minimum and recommending zoning patterns that encourage suitable use of the land.

The powers of the Commission are advisory and its recommendations may or may not be adopted by the Council. Decisions of the Council may be appealed to the Zoning Adjustment Board.

WATER—From the original well with a pump and elevated wooden water tank, the Water Department has grown to a plant capable of producing 8,000,000 gallons of treated water a day. Equipment includes ten gravel-packed wells, a 1,000,000 gallon capacity water tower, a new well house and meter pit, a high service pumping station and a new clarifier basin. The University has its own water supply and plant.

MUNICIPAL LIGHT AND POWER PLANT—Ames has had its own municipal light and power plant since 1896. It has been expanded several times to meet the increasing demands of a growing city. The total generating capacity is 80,000 kilowatts.

MARY GREELEY HOSPITAL—A donation from Captain W. M. Greeley in memory of his wife, founded the Mary Greeley Memorial Hospital in 1916. The first addition was built in 1937; the second addition in 1961 brought bed capacity to 160. Another addition completed in 1971 increased the capacity for acute medical, surgical, coronary and mental health patients, for a total of beds to 181.

AIRPORT—The Ames Municipal Airport is located in the south part of the city west of Highway 69. A $270,600 improvement program in 1963 included increasing the length of the main runway to 3,500 feet and its width to 100 feet.

FINANCIAL—Ames is served by three banks. Bank deposits as of December 31, 1973, amounted to $69,849,807. There are three savings and loan associations.

COMMUNICATIONS—Ames is served by one local newspaper, one television station, two AM radio stations and four FM radio stations.

PUBLIC SCHOOLS—The school plant is comprised of seventeen buildings, with a present total new replacement value of $10,344,348.

IOWA STATE UNIVERSITY OF SCIENCE AND TECHNOLOGY—Colleges within the University are Agriculture, Engineering, Graduate, Home Economics, Sciences and Humanities and Veterinary Medicine.

A federal land grant institution, Iowa State has a three-fold function:

1. Resident instruction on both the undergraduate and graduate levels.
2. Extensive programs of research.
3. Extension service in agriculture, engineering and home economics.

The research facilities of the University include the Agriculture and Engineering Experiment Stations, the Institute for Atomic Research, the Industrial Science and Veterinary Medical Research Institutes and the Statistical Laboratory.

The United States Atomic Energy Commission has a major laboratory for basic research on campus, operated as an integral part of the Institute for Atomic Research.

University enrollment for the fall quarter of 1973 was 19,600, the University Staff was approx. 5,350.

University land in Ames and through the state totals 7,623 acres with 986 acres in the main campus and recreation areas.

IOWA STATE HIGHWAY COMMISSION—The Iowa State Highway Commission employs 4,000 engineers, administrative assistants and maintenance men in all of its departments. About 1,050 are located in Ames.

NATIONAL ANIMAL DISEASE LABORATORY—The principal work of the National Animal Disease Laboratory, a facility of the U. S. Department of Agriculture located in Ames, Iowa, is research on the principal diseases of livestock that occur in the United States. About 20 percent of the facilities, however, are used to provide laboratory diagnostic services for some of the Department's disease-control field programs and for the regulation and control of biological products made and sold in inter-state trade by private commercial companies. At present the staff consists of 125 professional and scientific workers and 320 nonprofessional employees, a total of 445 persons.

The laboratory was constructed at a cost of $16,000,000 and the annual operating budget is in excess of $5,000,000.

SOIL IS EXTRACTED...That is the difference

STEAM-WAY'S REVOLUTIONARY NEW DEEP CLEAN EXTRACTION METHOD-FLASHED STEAM GOES DEEP INTO CARPET TO DISLODGE EMBEDDED DIRT. VACUUM PICKS UP DIRT SOLUTION, TRANSFERS IT TO STORAGE TANK, CLEANS FROM BOTTOM UP NOT TOP DOWN, STEAM-WAY MAKES YOUR CARPETS THE CLEANEST CLEAN YOU'VE EVER SEEN. SAFE FOR ALL CARPET FIBERS.

Always make sure that the telephone receiver has been replaced properly -- that it fits evenly in the receiver cradle and depresses both plungers. Otherwise, incoming calls will be blocked.

Multiply yourself by 83.5 million!

That's how many people read the Yellow Pages every year. And 93 per cent of the time Action-People look in the Yellow Pages, they either visit, call or write. Yellow Pages advertising gets action.

Extension telephones in the kitchen, den, bedroom or laundry room take the "run" out of running a home. When the telephone rings, you're there!

Use outdoor public telephones often. They're brightly lighted and conveniently located in residential and business districts and along highway entrances to the city.

These Yellow Pages list businesses, services, products, and professions under easy-to-find headings...arranged to help you find what you want when you want it.

Do you have a "missing person" in your home -- a teen-ager or other person whose name isn't listed in the telephone book? Put his name in the telephone directory...so folks can find him easily...so he won't miss calls.

It's easy to hold "family get-togethers" by telephone -- several members of your family in different cities can take part in the same telephone conversation. Just call the Operator and say, "I want to make a Conference Call."

You can list other members of your household in the telephone book. It will help their friends find them easily. These additional listings are "call insurance" -- and they cost very little.

. . . by using your phone away from home

IOWA STATE UNIVERSITY of Science and Technology

STAFF AND RESIDENCE HALLS DIRECTORY

EMERGENCY CALLS FROM CAMPUS TELEPHONES

FIRE ..... **Dial 9, then 911**
POLICE ..... **Dial 9, then 911**
UNIVERSITY HOSPITAL **4-5801**

INFORMATION FOR LOCAL TELEPHONE NUMBERS

From campus telephones

For Campus numbers ..... **Dial Operator**
For student location ..... **Dial Operator**
For off-campus numbers ..... **Dial 9, then 411**

YOUR UNIVERSITY HAS A MODERN TELEPHONE SYSTEM CALLED CENTREX

Centrex service is easy to use —

- **To call another campus telephone, just** dial the last five digits of the listed number.
- **To call an off-campus telephone,** dial 9, then dial the listed number.
- Off-campus callers and out-of-town callers can dial direct to University telephones without going through a central switchboard by dialing the complete 7-digit number.

YOU CAN DIAL YOUR OWN STATION-TO-STATION LONG DISTANCE CALLS FROM DORMITORY PHONES

Your Area Code is 515

a — **DIAL 9**
b — **DIAL 1,** to connect with the long distance network
c — **DIAL AREA CODE** if different from 515
d — **DIAL THE 7-DIGIT NUMBER** of the party you are calling

WHEN YOU DIAL A LONG DISTANCE CALL, IT WILL BE AUTOMATICALLY CHARGED TO THE DORMITORY TELEPHONE YOU ARE USING

To place a person, collect or credit card call dial 9, then dial Operator

For complete information on how to get an area code or distant number see page 7 at front of directory.

STUDENT DORMITORY BILLING

Northwestern Bell will send a statement of long distance calls to dormitory rooms about the 20th of each month. Each room resident will be responsible for his own calls, but it may be convenient for one roommate to collect for the calls the others made and pay the entire bill. Payment is due when bill is received and past due by the 1st.

Payments can be made by mail, in person at the telephone business office, 509 Main, or in person at our payment agencies listed below:

phone books don't grow on trees...

. . . But paper comes from them. And this year, because there's a paper shortage, we've been forced to print fewer directories. There are enough to go around, but you may not receive as many as in the past.

Here's how you can help: Keep a list of frequently called numbers near each of your telephones. And keep your phone book where everyone can use it easily.

Your directory can be one of the most useful things you have, next to your telephone.
